

Attention: All Men of Harvest Fellowship Community Church

We are getting ready to raise the standard for our Men's Fellowship Ministry. As Pastor Tillis is on the brink of casting new vision for our church, it is vital that the men of Harvest come together for discipleship and fellowship. The goal of the ministry is to form a stronger unity as brothers in Christ so that we all can rise to a higher level of leadership in our homes, church and community. We will meet the Saturday following the first Sunday of each month. We will be reading and studying Pastor Tony Evan's book, *No More Excuses*. The book can be purchased on Amazon.com or BarnesandNoble.com.

Book information: Today we have a generation of men who suffer from "loser's limp." In sports when an outfielder misjudges a fly ball and misses the catch, or when a wide receiver drops an easy pass. They fall to the ground and get up limping. The purpose of the limp is to camouflage the player's failure. It's true that circumstances beyond our control can sometimes make it difficult for us to be all that God wants us to be. But as men we need to start looking at these things as challenges and opportunities for success rather than as excuses for failure or not doing anything. It's high time that we stop blaming past circumstances or present pressures and start living as real men, kingdom Men.
